K-STATE AT SALINA STUDENTS ACHIEVE PILOT AND FLIGHT RATINGS

SALINA - Kansas State University at Salina announces student pilot achievements for the spring 2003 semester.

Students receiving a **private pilot certificate** have completed a minimum of 35 hours of flight time during 30 lessons. With a private pilot certificate, pilots can fly with passengers in good weather both day and night.

To earn the **instrument pilot rating**, students complete an additional 35 hours of flight instruction above the private pilot certificate and complete 30 additional lessons. With the instrument pilot rating, a pilot can fly in inclement weather with passengers both day and night.

A **commercial pilot certificate** is earned when students complete a minimum of 40 hours of cross-country flight training and 15 hours in a complex, high performance airplane. Pilots with a commercial pilot certificate will have completed a minimum of 190 total hours of flight training since their first flight.

With a **multi-engine airplane rating**, students have demonstrated proficiency in a twin-engine airplane. A pilot with this rating is licensed to fly an airplane with two or more engines.

Students have the opportunity to earn a **certified flight instructor** certificate upon completion of their commercial rating by passing a written and practical exam administered by the Federal Aviation Administration. As a certified flight instructor, pilots can train students in the operation of a single-engine airplane.

Students receiving a **certified instrument flight instructor rating** have completed 15 additional hours of flight training beyond the certified instructor rating certificate. As a certified instrument flight instructor, pilots can train other pilots who desire to obtain an instrument rating.

To be certified as a **multi-engine instructor**, pilots must have 15 hours of twin-engine training, receive an endorsement from their flight instructor and pass a practical exam demonstrating their skills in this type of aircraft. A multi-engine instructor trains other pilots desiring a multi-engine rating.

Abbyville: Justin Mitzner, freshman in airway science, private pilot certificate.

Alma: Chance Lagergren, sophomore in airway science private pilot certificate and instrument pilot rating.

Andover: Nicholas Perkins, sophomore in airway science, private pilot certificate.

Atwood: Daniel Leebrick, sophomore in airway science, instrument pilot rating. Owen Walker, junior in airway science, commercial pilot certificate.

Blue Rapids: Kelsey Osborne, senior in airway science, multi-engine airplane rating.

Bremen: Ryan Gleue, sophomore in airway science, instrument pilot rating.

Burrton: William Klein, senior in airway science, certified flight instructor certificate and certified instrument flight instructor rating. Seth Short, junior in airway science, certified flight instructor certificate and certified instrument flight instructor rating.

Centerville: Nathan Gorrell, sophomore in airway science, private pilot certificate.

Clearwater: Phil Crabtree, senior in airway science, certified flight instructor certificate.

Coffeyville: Alyson Pauzauskie, senior in airway science, multi-engine airplane rating.

Colwich: Eric Runner, freshman in airway science, instrument pilot rating.

Council Grove: Mitchell Zimmerman, sophomore in airway science, private pilot certificate.

Culver: Terrance Thornton, junior in airway science and technology management, instrument pilot rating.

Dodge City: Brad Shirley, sophomore in airway science, instrument pilot rating.

El Dorado: Matthew Corkill, senior in airway science, instrument pilot rating. Shane Deweese, senior in airway science certified instrument flight instructor rating and multi-engine instructor rating.

Emporia: David Goll, May 2003 graduate in airway science, certified instrument flight instructor rating. Joshua Hill, May 2003 graduate in airway science, certified flight instructor certificate. Justin Morgan, sophomore in airway science, commercial pilot certificate.

Eudora: Greg Roper, senior in airway science, instrument pilot rating.

Fort Riley: Brandon Cantrell, freshman in airway science, private pilot certificate.

Galva: Courtney Worden, sophomore in airway science, private pilot certificate.

Grainfield: Mitchell Ochs, senior in airway science, commercial pilot certificate.

Halstead: Josh Jantz, May 2003 graduate in airway science, certified flight instructor certificate. Nick Torres, junior in airway science, private pilot certificate.

Haven: Greg Tonn, senior in airway science, commercial pilot certificate.

Haviland: Phil Jantz, May 2003 graduate in airway science, multi-engine airplane rating.

Hill City: Eric Nickelson, senior in airway science, certified flight instructor certificate.

Humboldt: Matthew Baker, sophomore in airway science private pilot certificate and instrument pilot rating.

Hunter: Jamila Saidi, freshman in airway science, private pilot certificate.

Hutchinson: Richie Allen, sophomore in airway science, certified flight instructor certificate. Dustin Osubrn, senior in airway science certified flight instructor certificate. Jason Steele, sophomore in airway science and computer science technology, private pilot certificate. Darrin Stover, senior in airway science, commercial pilot certificate.

Ingalls: Chris Kopper, senior in airway science, certified flight instructor certificate and certified instrument flight instructor rating.

Junction City: Carole Dawson, freshman in airway science, private pilot certificate. David Mikkelson, freshman in airway science, private pilot certificate.

Kech: David Bailey, freshman in airway science, private pilot certificate.

Lansing: Brianne Adams, May 2003 graduate in airway science, certified flight instructor certificate.

Leavenworth: Travis Mance, sophomore in airway science, instrument pilot rating.

Leon: Adama Allmond, May 2003 graduate in airway science, multi-engine airplane rating.

Leoti: Christopher Laws, junior in airway science, instrument pilot rating.

Lewis: Derek Barnes, junior in airway science, instrument pilot rating.

Lindsborg: Joshua Nelson, senior in airway science, multi-engine airplane rating.

Madison: Clint Meyer, senior in airway science, commercial pilot certificate.

Marquette: Heath Larson, sophomore in airway science, instrument pilot rating.

McPherson: Lance Benson, sophomore in airway science, commercial pilot certificate. Jared Hamel, freshman in airway science, instrument pilot rating. Alex Unruh, senior in airway science, certified instrument flight instructor rating.

Minneola: Randall Buchanan, senior in airway science, certified instrument flight instructor rating.

Neodesha: Chris Hannon, junior in mechanical engineering technology, private pilot certificate.

Ness City: Shannon Pfannenstiel, sophomore in airway science, private pilot certificate and instrument pilot rating.

Newton: Kelsey Veer, junior in airway science, certified flight instructor certificate.

Niles: Ryan McCoskey, sophomore in airway science, instrument pilot rating.

Ogallah: Brandy Sue Hearting, December 2002 graduate in airway science, multi-engine instructor rating.

Olathe: Adam Dimmitt, May 2003 graduate in airway science, commercial pilot certificate and certified flight instructor certificate. Peter Krievins, junior in airway science, private pilot certificate. Patrick Rinearson, sophomore in airway science, instrument pilot rating. Tyler Tenbrink, freshman in airway science, private pilot certificate.

Onaga: James Michael Comer, freshman in airway science, private pilot certificate. Andrew Trippel, sophomore in airway science, private pilot certificate.

Osawatomie: David Buss, sophomore in airway science, instrument pilot rating.

Overland Park: Taylor Barnard, freshman in airway science, private pilot certificate. Chad Broome, senior in airway science, private pilot certificate. Nikolaus Schumacher, May 2003 graduate in airway science, multi-engine instructor rating.

Quinter: Jamie Leon, sophomore in airway science, private pilot certificate. Bethanie Unruh, senior in airway science, multi-engine airplane rating.

Rolla: Jeremy Wright, senior in airway science, commercial pilot certificate and certified flight instructor certificate.

Salina: Omar Aquino, senior in airway science, instrument pilot rating. Jake Bradley, junior in airway science, multi-engine airplane rating. Calvin Brichat, senior in airway science, certified flight instructor certificate and certified instrument flight instructor rating. Brad Brightbill, sophomore in airway science, private pilot certificate. Lance Couzens, sophomore in airway science, instrument pilot rating. Kenneth Frey, May 2003 graduate in airway science, multi-engine instructor rating. Lawrence Herschbach, senior in airway science, commercial pilot certificate and a multi-engine airplane rating. Melissa Holderness, junior in airway science, instrument pilot rating. Jeff Hrenchir, May 2003 graduate in technology management, certified instrument flight instructor rating. Kevin Linville, junior in airway science, commercial pilot certificate. Walter Marsella, junior in airway science, instrument pilot rating. Chris Medley, senior in airway science, multi-engine airplane rating. J.R. Schneller, junior in airway science, multi-engine airplane rating. Billy Summers, May 2003 graduate in airway science, certified instrument flight instructor rating. David Swanson, senior in airway science, pilot certificate. Christopher Taylor, senior in airway science, multi-engine airplane rating. Dustin Wehlman, sophomore in airway science, instrument pilot rating.

Scott City: Weston Thompson, sophomore in airway science, commercial pilot certificate.

Sedan: Andrew Talbott, sophomore in airway science, commercial pilot certificate and a multi-engine airplane rating.

Shawnee: Grant Franklin, junior in airway science, multi-engine airplane rating, certified flight instructor certificate and certified instrument flight instructor rating.

Soldier: Brian Penrod, senior in airway science, private pilot certificate.

Solomon: Donovan Strifler, freshman in airway science, private pilot certificate.

South Haven: Ryan Smith, senior in airway science, certified instrument flight instructor rating.

Topeka: Cole Boling, freshman in airway science, private pilot certificate. Daniel Knudtson, senior in airway science, certified instrument flight instructor rating.

Towanda: Deric Karst, junior in airway science, instrument pilot rating.

Udall: Bryon Shields, sophomore in airway science, instrument pilot rating.

Valley Center: Timothy Wiebe, May 2003 graduate in airway science certified instrument flight instructor rating.

Wamego: Jason Eiche, senior in airway science, multi-engine airplane rating.

Washington: Scott Bryant, senior in airway science, instrument pilot rating.

White City: Brice Hultgren, May 2003 graduate in airway science, certified flight instructor certificate.

Wichita: Todd Boehlke, senior in airway science, multi-engine airplane rating. Brian Doom, senior in airway science, multi-engine airplane rating. David Jones, senior in airway science, commercial pilot certificate and multi-engine airplane rating. Rob McGregor, freshman in airway science, private pilot certificate. Craig Roth, senior in airway science, certified flight instructor certificate.

Winfield: Evelyn Ross, sophomore in airway science, instrument pilot rating.

ARKANSAS

Edward House, sophomore in airway science, Batesville, instrument pilot rating. Britt Stallings, sophomore in airway science, private pilot certificate.

COLORADO

Ryan Breznau, sophomore in airway science, Colorado Springs, instrument pilot rating. Brian Gigax, sophomore in airway science, Colorado Springs, instrument pilot rating. Zachary Thompson, freshman in airway science, Colorado Springs, private pilot certificate. Grant Von Ahlefeldt, sophomore in airway science, Colorado Springs, instrument pilot rating. Jennifer Peasley, sophomore in airway science, Littleton, instrument pilot rating. Christopher Wood, sophomore in airway science, Littleton, instrument pilot rating.

IOWA

Eric Meendering, sophomore in airway science, Hull, instrument pilot rating.

MISSOURI

Robert Sanders, senior in airway science, Liberty, certified flight instructor certificate and certified instrument flight instructor rating. Jeremy Phillips, sophomore in airway science, Marshall, private pilot certificate. Mark Frederick, sophomore in airway science, St. Louis, instrument pilot rating. Quentin Means, junior in airway science, Warrensburg, commercial pilot certificate.

NEBRASKA

Bradley Amstutz, a May 2003 graduate in airway science, Beatrice, certified flight instructor certificate and certified instrument flight instructor rating. Brian Schroeder,

freshman in airway science, Gretna, instrument pilot rating. Bryce Eitzman, freshman in airway science, Hardy, private pilot certificate. Adam Volcek, sophomore in airway science, North Platte, instrument pilot rating. Brandon Vavra, May 2003 graduate in airway science, Pierce, multi-engine airplane rating.

TEXAS

Jessica Taylor, sophomore in airway science, Houston, instrument pilot rating. Justin Poe, junior in airway science, Keller, multi-engine airplane rating.

HOMETOWN CONNECTION:

Calvin Brichat, senior in airway science, is a graduate of Washington High School, Washington, Kan.

Kenneth Frey, May 2003 graduate in airway science, is a graduate of Inman High School, Inman, Kan.

Melissa Holderness, junior in airway science, is a graduate of Wichita East High School.

Jeff Hrenchir, May 2003 graduate in technology management is a graduate of Washburn Rural High School.

J.R. Schneller, junior in airway science, is a graduate of Bishop Miege High School, Shawnee Mission, Kan.

Billy Summers, May 2003 graduate in airway science, is a graduate of Russell High School, Russell, Kan.

Dustin Wehllman, sophomore in airway science, is a graduate of Wichita Heights High School.
