

Setting up an Account

After SGA has accepted you, the club accountant will receive the signed bills recognizing new and returning clubs. Once the accountant receives the bills, they will set up or update DSO (Departmental Student Organizations) sponsor forms, Teams channels, and financial reports. Once complete, keep an eye out for a post on the organization's Team channel. After two years of inactivity, club funds will be returned to SGA and the account closed. If the club would like to reform, it will be issued as a new club and must collect new funds.

ISO (Independent Student Organizations) is responsible for finances independently. No account will be set up. However, a W9 must be provided by the member or advisor who will set up the bank account for the club for allocations can be made. This is the extent of contact an ISO will have with the accountant.

Always feel free to book an appointment through bookings or contact the accountant through Teams, email, or phone with any questions or concerns. Our priority is to provide you with the necessary resources and fund availability while maintaining the State of Kansas and Education policies and procedures. We understand some circumstances can be tricky or flat-out inconvenient. Knowing that we can't change all processes to suit your needs, we are happy to work with you and do what we can to improve.
